

Thank you so much for your interest in volunteering for this incredible cause. It is so great you want to be part of this great project!!

We currently need responsible volunteers for the following:

Serving the food - The kitchen is open Monday through Thursday, 4-7PM. The volunteer will need to arrive about 20 minutes earlier, set up the place, receive the food and serve it to the kids. The kitchen closes at 7PM.

Picking up the food in Pico-Robertson area and bringing it to the soup kitchen - We are in contact with few catering companies and kosher markets and restaurants, to provide some of the food to the soup kitchen. We are looking for volunteers that can drive and pick up the food around 3:20PM - 3:30PM on Mondays - Thursdays or Sunday evening/night, and bring it to the soup kitchen.

We will be giving a training in each area of volunteering you choose, however It is extremely important for us that the volunteer will be responsible and committed to the task or schedule he/she is assigned to. Our whole organization works on volunteering and we want all funds and donations to go directly to feed these hungry children and families.

If you have a specific skill that can benefit the kids or our organization we would be grateful for your assistance. It can be anything such as tutoring, arranging arts and crafts groups or any other activity, story telling etc.

We are also looking for people with fundraising, web-design, and graphic design skills. If you have any other skill not mentioned that you think can help - please contact us!

Thank you again for your good will to take a part in this wonderful mitzva!!! There is no greater cause than helping out our fellow brethren!! G-d bless you!!

You can call me on my cell phone [323-449-8184](tel:323-449-8184) or write back to me, whatever you prefer, so we can discuss it further.

Ifat.
